

Wimauma Access to Health¹

June 2018

What have we invested in Access to Health to date?

\$660,000: four grants and grant-related investments and eight impact funds

Examples of investments include:

- Provide funding for a part-time benefits coordinator to assist families in accessing public assistance resources.
- Bridge funding to continue the work of the Puentes de Salud (Bridges to Health) Project.
- Funds will support increased capacity for frontline staff at La Esperanza clinic. This will increase access to healthcare services for our migrant community and is paramount to creating a healthy Wimauma*.
- Capacity building grant to provide administrative, planning and direct services to support the only free clinic (La Esperanza) in the Wimauma community*.

*Although two separate investments, grantees worked in close collaboration to meet the goals of the project.

What are the results?

- 98% of an estimated 1,956 families seen by the Suncoast Community Health Center benefits coordinator received benefits
- Four Promotoras certified as community health workers. Over 710 residents had direct contact with the Promotoras.
- To date over 758 unduplicated patients have been seen at the La Esperanza Clinic. Additionally, over 311 clinic patients report emergency room avoidance as a result of being seen at the clinic during regular patient hours.

¹ Access to Health was one of 10 potential priorities when the initiative began. Investments were made in FY15 while the top three community priorities were still being identified.

Wimauma Strategic Goal: Community Capacity

June 2018

Please note that the Common Good Initiative in Wimauma has identified multiple priorities and goals that work together to achieve change. This document provides information on investments and results for one of those priorities.

What have we invested in this goal to date?

Grants and grant related investments	\$1,688,000
Impact funds	\$63,275
TOTAL	\$1,751,275

Examples of investments include:

- Funding to provide the down payment for the purchase of building to be used as a community resource hub.
- To increase the economic development infrastructure by increasing economic resources (Internet access, Transportation, and Community Benefits Agreement), increasing job training and job placement opportunities, and strengthening the capacity of the Wimauma CDC to lead efforts that increase residents' economic opportunities.
- Investment in, and development of, the anchor organization.
- The Fellowship for the Common Good, a cross-community resident leadership development program.
- To support four full-time volunteers to assist local organizations.

What are the results?

The table below provides results for the six-month period ending June 30, 2018. These results pertain only to relevant outcomes for grants assigned to this priority, there may be outcomes related to these grants that are reported under other priorities.

Desired results per the strategic plan	Results for January – June 2018
Increase organizational capacity of Wimauma organization	2 organizations Have increased staff
The number of leaders engaged	5 Fellows from Wimauma are participating in the Fellowship for the Common Good <ul style="list-style-type: none">➤ 100% report learning new leadership knowledge➤ 86% have applied their new leadership skills
The number and amount of resources leveraged	2 grant partners have obtained additional funding.

These results reflect investments made to build community capacity. Investments in other community priorities and other Common Good Initiative activities may also increase community capacity.

What are the highlights?

- The Wimauma CDC has hired its first full time staff position, an Executive Director.
- The proposed location of the free clinic was controversial. Although ultimately unsuccessful, community residents came in out support of the clinic; the Fellows played a key role.

Wimauma Community Priority: Economic Opportunities

June 2018

Please note that the Common Good Initiative in Wimauma has identified multiple priorities and goals that work together to achieve change. This document provides information on investments and results for one of those priorities.

What have we invested in this priority to date?

Examples of investments include:

- Provide funding to support a mission outreach/volunteer coordinator who will work directly with clients seeking long term economic self-sufficiency.
- Economic development infrastructure to support microenterprise and implement a resource center for low income women in Wimauma; this is a joint partnership with the Children’s Board of Hillsborough County.

What are the results?

The table below provides results for the six-month period ending June 30, 2018. These results pertain only to relevant outcomes for grants assigned to this priority, there may be outcomes related to these grants that are reported under other priorities.
